## OUR EXPERTISE

**Cold room for Societe Hassen Taher**

We have the ability to work out various designs in different sectors. We have also worked on cold room both negative and positive cold rooms for processed food industry.

We have managed successfully all MEP contract items within acceptable change.

We managed projects within the time frame. Liaison with specialist supplier.

Testing and commissioning of the whole installation.

The project is

## OUR EXPERTISE

**Conference Centre at Pointe aux Piments**

Lighting system, LV Power, Telephone System, Data System, Fire Alarm System, Lightning Protection and External Lighting on Electrical Services.

Cold water distribution system, Hot water distribution system, Waste & Sewer network, Pipe sizing and Pump sizing for booster pump on Plumbing Services

Air Conditioning split system and Toilet extraction system on the Mechanical Services

Acoustic design with specialist.

The project is a Conference Centre with residential and recreational facilities.
